

Announcement

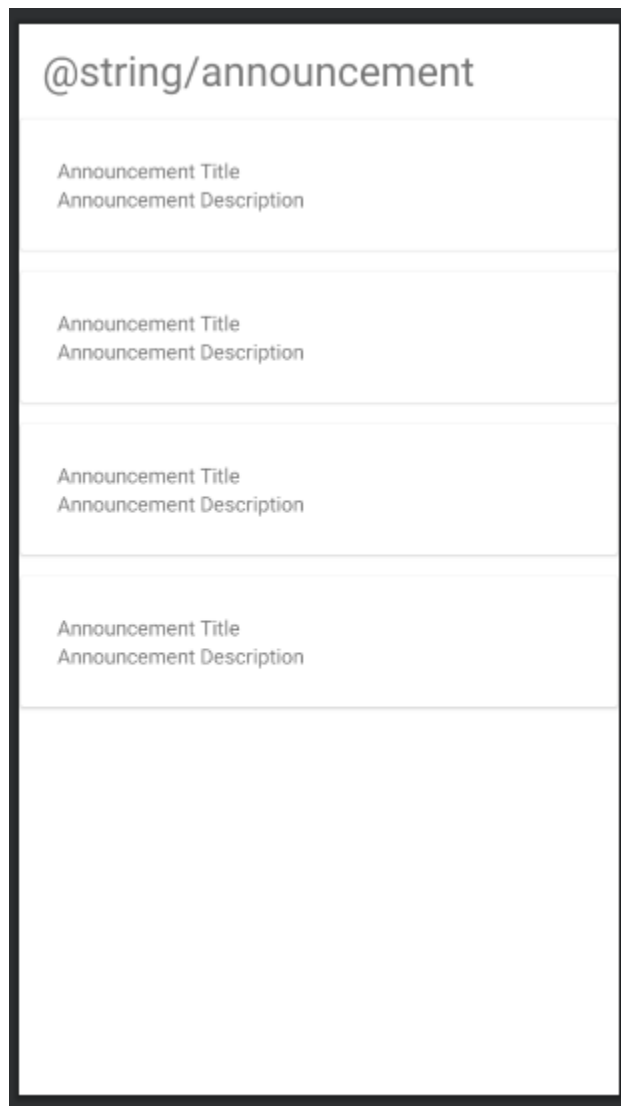

BASIC COURSE

The user can see a list of announcements and a description of each. The announcements will be sorted from newest to oldest.

ALTERNATE COURSES

No announcements: The section will read “No Announcements”

Announcements Overflow Screen: The list of announcements will be scrollable.

Chat

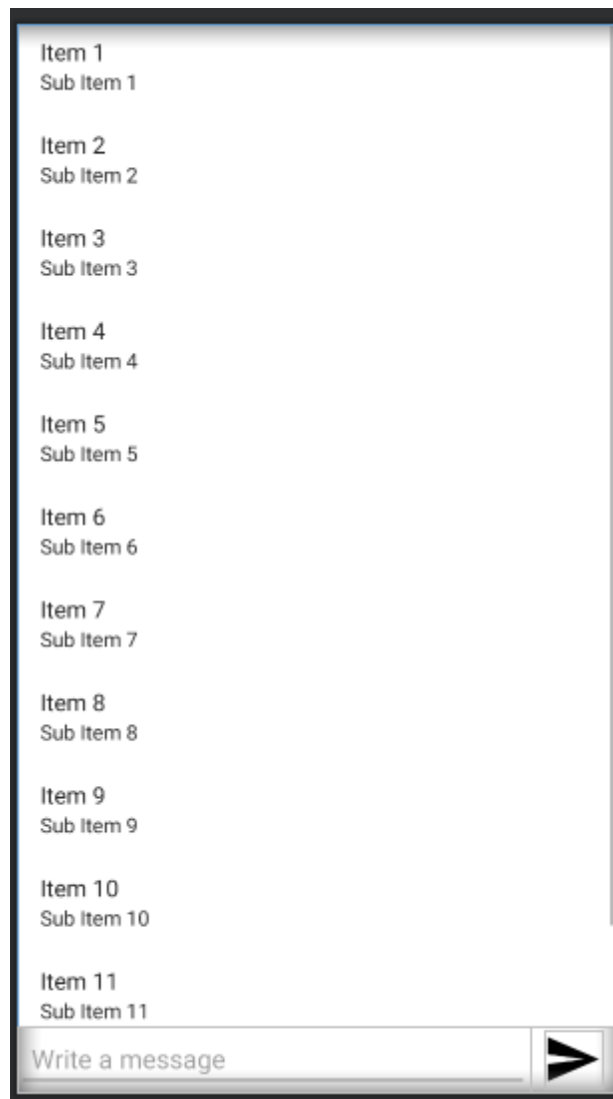

BASIC COURSE

The user can chat between other first responders in the department or otherwise specified by the admin that sets the system up for the department.

ALTERNATE COURSES

No users to chat to: No chat can be sent.

Message is too long: The user will be notified, and the message will not be sent.

The image shows a chat window with a list of 11 items, each with a main item name and a sub-item name. The items are:

- Item 1
Sub Item 1
- Item 2
Sub Item 2
- Item 3
Sub Item 3
- Item 4
Sub Item 4
- Item 5
Sub Item 5
- Item 6
Sub Item 6
- Item 7
Sub Item 7
- Item 8
Sub Item 8
- Item 9
Sub Item 9
- Item 10
Sub Item 10
- Item 11
Sub Item 11

At the bottom of the window is a text input field with the placeholder text "Write a message" and a right-pointing arrow button.

Edit User

BASIC COURSE

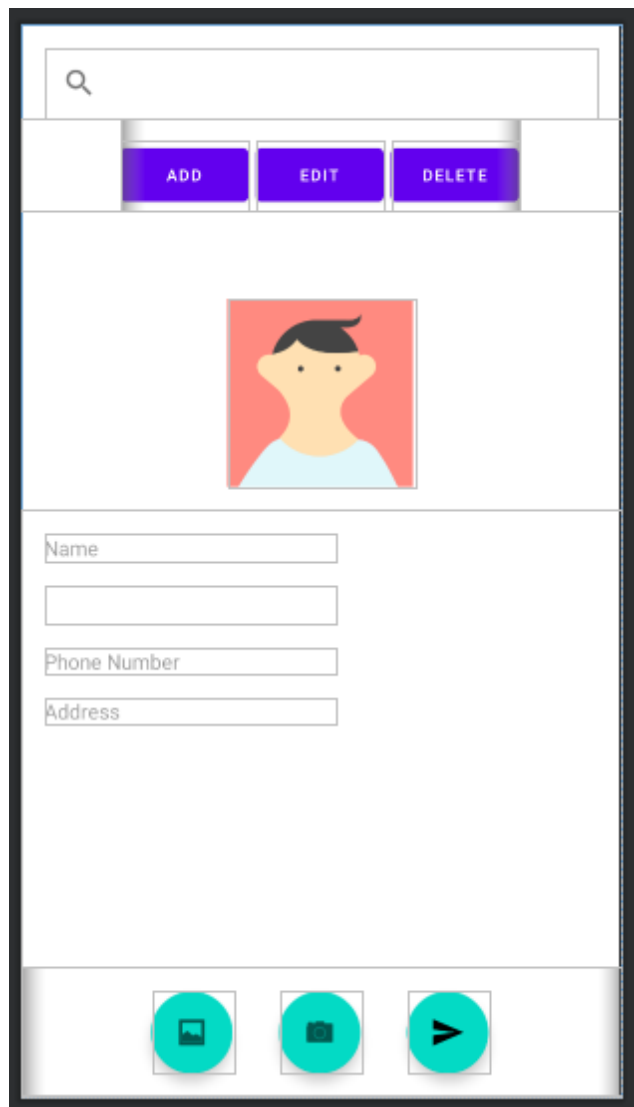

The admin can bring this screen up to edit, or, users. The admins can search for a user that will be edited via the search bar. Editable features are name, rank, phone number, picture, and address.

ALTERNATE COURSES

User can't be found: There will be no clickable options.

Adding a user: If not credentials line up, it will be added.

Same names in the search: Both names will be displayed, but some difference must be there, or it would not be in the database.

The image shows a mobile application interface for editing a user. At the top, there is a search bar with a magnifying glass icon. Below the search bar are three purple buttons labeled "ADD", "EDIT", and "DELETE". In the center of the screen is a placeholder for a user's profile picture, showing a stylized person with black hair and a light blue shirt against a red background. Below the profile picture are four text input fields labeled "Name", "Phone Number", and "Address". At the bottom of the screen are three circular icons: a teal circle with a white camera icon, a teal circle with a white folder icon, and a teal circle with a white right-pointing arrow icon.

Event

BASIC COURSE

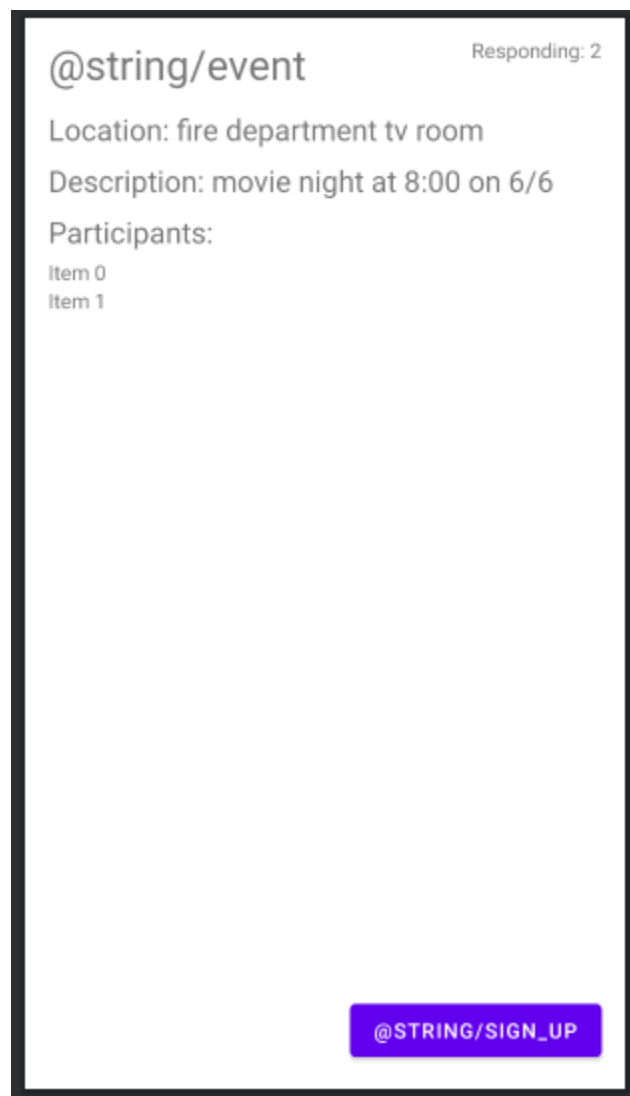

The user can view events sent out by other users. The user can sign up for events.

ALTERNATE COURSES

No room for the event: There will be no option to RSVP.

The event was deleted: The event will no longer be visible.

The user closes the app before confirmation: The user will not be on the list.

The screenshot shows a mobile app interface for an event. At the top, the title "@string/event" is displayed in a large, dark font. To its right, the text "Responding: 2" is shown in a smaller, lighter font. Below the title, the event details are listed: "Location: fire department tv room", "Description: movie night at 8:00 on 6/6", and "Participants:". Under the "Participants:" label, there are two entries: "Item 0" and "Item 1", each followed by a small, faint circular icon. At the bottom right of the screen, there is a prominent blue button with the text "@STRING/SIGN_UP" in white, uppercase letters.

Events

BASIC COURSE

The users can see any upcoming events as well as a description of the event. A user can click on a specific event to go to the Event Page.

ALTERNATE COURSES

No Events: If there are no upcoming events the section will read “No Upcoming Events”

Content Overflow: If there are too many events on the screen the section will be scrollable
